ABOUT ME

I'm a computer science student who learns by building — three self-driven projects so far, from a search tool to a chatbot. Lately I've been going deeper into AI systems through hands-on workshops and coursework. I finish what I start, and I'm looking for a team where I can keep learning through real work.

SKILLS & ADDITIONAL INFORMATION

- **Frontend:** Html, Css, Bootstrap, JavaScript, Reactjs
- **Backend:** Python, Node.js, Express.js, Sql
- **Soft-Skills:** Problem Solving, Clear communication, Team collaboration, Time management, Adaptability
- **Languages:** English, Tamil, Malayalam.

PROJECTS

Cloud-Enabled Real-Time Analytics for intelligent Transportation system (ITS)

[Link](#)

- Proposed a real-time analytics framework for urban traffic management.
- Addressed congestion and safety risks caused by rapid urban growth.
- Combined cloud computing with AI for live traffic monitoring.
- Applied predictive modeling to anticipate congestion patterns. Designed for city-wide mobility and scalability.
- **Skills:** Html, Css, JavaScript, React.js, Python, Sql

Gen AI Chatbot

[Link](#)

- Built an AI chatbot capable of intelligent, dynamic, context-aware conversations.
- Applied machine learning to improve response quality and automate user interactions.
- **Skills:** LangChain, Google Collab, Hugging Face (Transformers), GPT-5 API.

Wikipedia Clone

[Link](#)

- Built a custom Wikipedia search tool for a simplified, intuitive way to find and view relevant information.
- **Skills:** Html, Css, JavaScript, REST API Calls, Bootstrap

EDUCATION

Bachelor of Computer Science Bharathiyar University

Aug 2023 - Jun 2026

- building a strong foundation in programming, data structures, and computer science fundamentals while applying them through independent projects.

Full-Stack Development

Dec 2025 - Aug 2026

Nxtwave Disruptive Technologies

- Major in Software Development.
- hands-on training in web development, Python, and AI tools through project-based coursework.

CERTIFICATES & AWARDS

UI & UX Workshop Project Completion
